

Because my diagnosis doesn't define me

Connect with your **Here4TN** benefits for personalized support, because everyone's mental health matters

There are many reasons you may need behavioral health support. From exploring help during a stressful time to dealing with a lifelong struggle with depression, or wondering whether symptoms like insomnia are related to anxiety, we're here.

Mental health matters. You have support through your **Here4TN** benefits, which are provided at no extra cost.*

Long-term support is also available if you need it. Your behavioral health benefits offer additional in-person and virtual support and counseling for ongoing concerns, including substance use. The cost-share will be the same as an in-person visit. If you have a PPO, you may be responsible for a copay. If you have a CDHP, you may be responsible for your deductible/coinsurance.
